

FUNDING REQUEST

MONTE VISTA EDUCATION FOUNDATION

“Make a World of Difference”

The mission of the Monte Vista Education Foundation is to make a difference in lives of Monte Vista’s students by promoting the value of education and work ethic. To accomplish this, the foundation solicits endowment funds through gifts, testamentary bequests, charitable remainder trusts, etc., while challenging educational, civic and business communities to provide the encouragement and resources necessary to promote student excellence and motivation.

The Monte Vista Education Foundation endeavors to aid Monte Vista School District students and programs which fit the mission of the organization. Funds may be requested to supplement student and program needs. The Foundation meets every quarter generally on the second Thursday of January, April, July, and October. Board members encourage attendance at the meetings by any individual or group requesting funds, so members may ask questions in order to fully understand the request.

The following information is necessary for a group or individual to be added to a meeting agenda. It is desirable to receive the request at least two weeks before a meeting.

Amount requested: \$_____ Purpose of request:

How many students and what grade levels will be impacted by the request?

What other sources of funding have you and/or your group pursued in addition to this request?

Will the request fund a program or activity which is sustainable or provide some type of “lasting effect”?

Please supply contact information so the Foundation can contact you or your group.
